

We show them all: Extra- schicht*

* The night of industrial heritage culture
The Beamerbuam show visual art from Duisburg and our twin towns

The next edition of „We show them all“ becomes international: Artists from our twin towns are invited to the project. Art from **Calais, Duisburg, Fort Lauderdale, Gaziantep, Perm, Portsmouth, San Pedro Sula, Vilnius and Wuhan** will be on display in a light show at the **Innenhafen/Ludwigsturm**. This large scope of visual arts is shown on **June 30th 2012** as a part of **Extraschicht**, which carries this year's matching motto „**Lights on**“.

We show them all – the idea

Your pictures, at **LARGE**, on public display in the night of industrial heritage culture at the Innenhafen Duisburg.

Submissions

can be made by **artists from our twin towns** and artists from Duisburg. The latter ought to have registered with *KunstDU.de*. Twin town residents can e-mail their contribution to *KunstDU@yahoo.de* directly. Every artist can send a series of 8 pictures to *KunstDU@yahoo.de*

Royalties

Best case: Fame and glory. Since there is no worst case, we instead point out that the whole affair is free anyway. No costs. By submitting art you permit us to display it on the Extraschicht event free of royalties. You assure that you have the appropriate rights to do so and that there are no third-party liabilities.

Technicalities

8 pictures limit. Every picture will be shown for 30 sec., so there will be approx. 4 minutes per artist. A resolution of 800x600 pixels is preferable. No text or copyright notes into the pics, please. The artist's name will show separately and be mentioned on *KunstDU.de*. **Jpg only**, please. No flash or films. **Tagging example:** 01_artistsname.jpg

Deadline

Please submit your series until May 15th 2012.
